

HE-VA Top-Cutter

Knife roller

For quick cutting and cultivating residues

**HE-VA**
TOP-CUTTER

Top-Cutter ads versatility

By cutting and cultivating residual plants without destroying the roots, the Top-Cutter brings versatility into the process of creating a false seedbed after harvest.

The Top-Cutter is especially suitable for maize and rape stubble and can be mounted on the following machines:

- Tip-Roller
- Grass-Roller
- Disc-Roller Contour
- Front-Roller & Front-Packer

The unique design with a closed tube construction prevents soil and residues from gathering and sticking to the Top-Cutter and ensures a continuous, high degree of efficiency. The six double-sided knives ensure an even and stable workflow. The

TECHNICAL SPECIFICATIONS

Type of machine	Working width of machine	Diameter	Weight (kg)
